Serving will begin at 5 o'clock, and during the evening a drawing will be held for a door prize, which is expected to be a pony.

At 6:30 Jim Graham will auction a score of more items which have been donated by Belle Glade merchants — poodle dogs, sewing machines, bed clothing, personal wearing garments and gadgets for the kitchen and living room, many things you need and some you just want.

Assignment of committee chairmen was completed Tuesday night at a joint account of the benefits accounting of committeemen cruing to the community —

representing the organizations to benefit by the affair, as follows:

Food acquisition and preparation: Sam Lovell; Tickets: distribution and sale — Bob Lee; Service: Hospital Auxiliary, Women's Club and Library Board.

Each participating organization will furnish committeemen to assist the chairmen.

Bob Lee announced a plan for the sale of tickets and reported that the three prospects contacted while the committee met had agreed to go along by purchasing tickets for employees.

"The gift of a ticket to every Belle Glade household, and this furnishes ample justification for the urging that will be in evidence by the ticket seller — each ticket purchaser will carry with it the availability of VALUE RECEIVED."

Those present and representing groups were: Bob Lee, Benny Richmond and Luther Jones — Rotary; Sam Lovell, Mike Collins and Jim Graham — Lions; Mrs. Dunbar, Bill Bailey, Lee Crawford — PTA; and Principal Carl Crawford for the schools.

There's a lot of experience represented by the committee members, and more will be added by assignment from the respective participating groups, to assure a smooth running good time.

There's a personal benefit to every Belle Glade household, and this furnishes ample justification for the urging that will be in evidence by the ticket seller — each ticket purchaser will carry with it the availability of VALUE RECEIVED."

Fat but Willing

FOUNDER FOOTBALL PLAYERS with prominent physical characteristics fore and aft, as well as those whose after-school activities haven't added to the avoirdupois offer themselves on the list of Jaycee community service, as well as pure enjoyment of the game of football.

Jaycees of Belle Glade and Clewiston will play a home and home football game, IF the squads can make the second game, after bruising each other in Clewiston on the night of the 11th of December.

The second game is scheduled at Belle Glade on the night of December 18th.

Both Jaycees are young and 'some younger experience & records of playing are representative of the Belle Glade squad, and Coach BNL Burke is blackboarding the fundamentals to recall the 32 applicants for playroom which is expected.

The coach reports that 32 Jaycees signed up and 31 showed for initial practice Monday night.

This athletic spectacular should be patronized by all pickup enthusiasts and just the ordinary citizen seeking a show worth seeing.

The Jaycees, at least are out "giving their all" for the charitable causes they advocate instead of upgrading the public with the outstretched and open palm.

Patronize the Jaycees, for you'll get your money's worth, even if you don't know a skatback from a FULLBACK, nor a touchdown from a holding penalty.

The dates in Clewiston is Dec. 11th and in Belle Glade on the 18th.

Glades Tours Success

The Guided Tours bus parks in front of the Glades Sugar House while guests enjoy a hour's trip through the 8,000-ton-daily-capacity mill to see cane grinding, and raw sugar fabrication.

After viewing the planting, cultivation, harvesting and hauling of the cane to the mill, spectators have a knowledgeable story for friends.

Sweet corn, celery, radish and leafy crops are also included in the four-hour trip.

Water control — irrigation and drainage — works are seen in operation and are explained by the competent guide.

With several states and many Florida counties represented in the two dozen folks taking the tour Monday afternoon, the Lake Okeechobee Area Guided Tours were initiated from the Holiday Inn.

One couple from out of state remarked following the four-hour tour of the state of Florida, as well as

other close-by states, should have an opportunity to see what modern science and farmers' inventive abilities "are doing."

"Nature is kind to the Glades farmer, in productivity, and it appears that he is applying do-it-yourself initiative to solving the scarcity of labor."

Advent Services Underway At Lutheran Church

By Rev. R. Y. Roseman

Advent services began Dec. 1, at St. Peter's Lutheran Church and will continue each Wednesday night until Christmas. Advent is used two different ways at this time. The word means "coming" and at this time of year in anticipation of Christmas, the church recalls the initial coming of our Lord Jesus and also prepares for his second coming.

The Christian Church down through the centuries has observed many customs during this time of year. One of the more well-known customs is the lighting of the Advent Wreath, which we frequently see on the doors & tables of the homes and in our Churches, is a contribution from the Lutherans of Germany. Back in the 18th Century, branches of fir or spruce were intertwined in a circular shape and then laid on the tables in homes. On the first Sunday in Advent an upright red candle was attached to the wreath. On each succeeding Sunday another candle was added. Week by week, as the light from the burning tapers became brighter, the family was reminded by these living flames of the approach of the day of Christ's birth.

The Ladies Aid of St. Peter's Lutheran Church ordered a supply of Advent wreaths to be used by the members in their homes for their family devotions. The Church has given each family a special Advent Devotional booklet to be used along with the lighting of the wreaths, as well as a self-denial folder which lets each family member daily contribute to the Christ-child.

To have such a wreath on the table, about which we gather each day for family prayers and devotions, not only revitalizes a meaningful custom, but also becomes a splendid stimulus to that kind of heart preparation which gives a deeper beauty to Christmas. We do not know why our spiritual forebears began the custom of making Advent wreaths, but we do know that the circular shape of the wreath has long symbolized both the love of God, which is without beginning or ending, and the eternal joys of heaven.

In Pre-Christian times, a green laurel crown designated victory in athletic competitions and in military struggles. Such worldly achievements seemed to be shallow and temporary honors to the early Christians. These followers of Christ began the practice of placing laurel boughs on their doorposts to symbolize the greater and more enduring victory of Christ over the powers of darkness and death. Their laurel branches were often displayed during both Advent and Lent to commemorate the Lord's birth and resurrection.

As we enter into another Advent Season, in which we reflect on the past and future coming of our Lord, the member of St. Peter's Lutheran Church invite you to take time off from the hectic pace of life, and receive the peace of God which passes all understanding, which can only be found in the worship of your Saviour. Our midweek Advent services will be held each Wednesday night at 8 p. m., and Divine Worship is held each Sunday morning at 10:30.

South Bay Baptist To Hear Rev. Thompson

The guest minister at the First Baptist Church of South Bay on Sunday will be Rev. James Thompson, District Missionary of Big Lake Indian River and Breward Baptist Association. A new minister has not yet been assigned to the South Bay Church, and Rev. James A. Fenton, resigned last week and is now pastor of the Baptist church at Wabasso.

Rev. Thompson from Vero Beach, Fla., will bring both the morning service at 10:30 A. M. and the evening service at 7:30.

THE GOOD LIFE

THE CHURCH FOR ALL

The Church is the greatest force on earth for the building of character and good citizenship. It is a source of spiritual life, a source of strength, a source of comfort, a source of joy. It is the only place where we can find the answers to our deepest needs. It is the only place where we can find the love of God and the love of our fellow men. It is the only place where we can find the peace and happiness that only God can give.

When Grandmother and Grandfather Todd came to say their goodbyes before leaving for Florida, we took their picture. Looking at it, I remember them as they were that day, serene and happy, anticipating their trip. To them there are no sunset years but always a new day ahead.

Life has truly been a table spread before them. Oh, there have been sorrows and trouble aplenty, but always His rod and staff have comforted them. Even in the shadow of death God has been with them, for the Lord is their Shepherd.

Such faith may be yours. Your church is the open door through which you may find that fellowship of understanding which has been to my grandparents their greatest treasure.

Attend your church and find there, through worship and prayer, the inspiration you need for growth.

Sportsmanship - Fair Play

According to statistics prepared by the Lions Clubs of Pahokee and Belle Glade, the Bill Young Memorial has been in possession of Belle Glade thirteen (13) of the twenty-three years, and Pahokee nine (9) times. Belle Glade won twelve of the games and tied two to keep the trophy for the second year in succession; Pahokee won eight (8) and kept possession one additional year on a tie. However, there were three games previous to the beginning of the award (1943) when Pahokee swam the awarding Rams for a total of 92 to 7 points, and the first game in the contest was won by Pahokee by a score of 89 to 0.

The second game of the series was a tie 7-7; there's a 12 to 12 tie and one 14 to 14. In the overall series between the two Glades teams, the win column is one in favor of Belle Glade with three ties.

Of all the many classics in football games just before, on and during the weekend of Turkey Day, none will have created more intense interest, louder rooting and jitters than the Blue Devils - Rams game.

Pahokee has accumulated 388 points against the Rams' 269 in the 23 games. Pahokee has been shut out in four games; Belle Glade, two games.

The most tromping noted is '58 when Pahokee beat Belle Glade 32 to 0, via Egg; in '53 Pahokee led the Rams 48-28, and in '55 the Rams had the little end of the score by 27-7. Other differences run from one point (1 time), three and four point (one each). Since '18 the difference in scores has run 3-4-13-12 and 11 points, with Belle Glade on the winning side, six times.

The annual Thanksgiving game between Pahokee and Belle Glade is always a question mark — either team is likely to produce an

upset over pre-game statistics, and the department indicated the weakWest of either team may star in these games.

The cheering is loud, loud and energetic, but friendly, the tense moments of the game are accepted in post-game calmness, fair and reasonable in historical evaluation.

Mr. and Mrs. Thayer M. Maris of Tallahassee spent the Thanksgiving weekend with their parents, Mr. and Mrs. Russell E. Tucker, Mr. and Mrs. C. Howard LaFrance of Fort Lauderdale were Thanksgiving Day guests.

Tomorrow night the Belle Glade Rams begin their 1965-66 basketball season with a game against Far Leonard from Lake Worth. The Junior Varsity game will begin at 8:30 and will be followed by the Varsity game at 8:00, in the high school gym.

Coach Therrill Luke will coach BG Varsity team. Mr. Rodney Webb will be coaching the B-team for the first time. Lake Worth's coaches are Garth Doyle and Fred Smith.

Varsity players are Tony Latour, Cary Jones, George McDonald, Harry Chaney, Scottie Markham, Ken Brane, Ivan Willis, Dean Wilson, Sonny Campbell, Enrique Roldan, Bryant Davis, Mickey McGahee, Ronny Ratliff, Eddie McAllister, Terry Mann, Julio Perez, and Johnny Williams.

Season passes for the ten home games may be purchased at the price of \$5 for an adult and \$2.50 for a student ticket. This is a savings of 50 percent. There will also be ten away games this season.

Tuesday, December 7, the Rams will play Cypress-Ft. Myers here.

Mr. and Mrs. Howard Meads from Bradenton were holiday weekend guests of his cousins, Mr. and Mrs. Don Asping. Joining them on Thanksgiving Day were Mr. and Mrs. C. J. Aspy.

Mrs. Mildred Haney has recently returned from Bartow, after visiting a week with her daughter, Mrs. Ernestine Herring.

HIGH TEAM SERIES:		

Coach Willie Irvin of the Lake Shore Bobcats brought his team to the Championship of the Southeast Atlantic Conference unbeaten and unified, with a clean record for four conference games and the six outside contests.

The Bobcats amassed a total of 2,800 yards while their opponents were gathering 500 by rushing and 200 thru the air. Two of the Bobcats are being seriously considered by Florida A & M — James Freeman, a 185-pound fullback and Johnny Brown, a 250-pound fast tackle. Both men were selected by the Miami Herald for their All-Palm Beach County team; James Freeman was also selected by the Post for the same team. Two other seniors from the team are likely prospects for other college teams.

Coach Irvin feels that he has replacements for the four graduating who will develop as satisfactory.

The coach is a graduate of Fla. A & M and had two years with the Philadelphia Eagles as offensive end and defensive safety before his trip to Korea in uniform of the Army.

"All of our athletic teams

must maintain passing grades in all major courses, and a player's nineteenth birthday must not have occurred before September of the school year," says the coach.

The Bobcats opener demonstrated strength against Dunbar with a 26-6 winner; but the second game against North Dade found a defensive line with 250, 250 and 225 pounds being carried by players. Agility and speed overcame the Hialeah boys by 27-0.

Roosevelt held the Bobcats to a 19-7 win, in a conference battle. Vero Beach's Gifford Huff suffered a 47-0 race, while Murray High of Port Salerno gained only 18 yards on the ground and seven yards passing while the Cats raced 495 yards for a 48-0 win.

Career-Delray's Homecoming was spoiled by the Cats' 13-7 score and Ft. Pierce's Lincoln Park took a 20-7 defeat.

The Bobcats clinched the conference title by beating the John F. Kennedy school of Riviera Beach 13-0. This win, according to reports was over the toughest opposition of the conference.

The winning streak was continued with Blanche Ely

on the little end of a 39-12 score, and leaving the East Lake group the small score in a 3-6 result.

Charles Haynes led the Cats with 19 touchdowns; James Freeman picked up 1,920 yards rushing and seven points after. Ronald Cook, who received seven touchdowns passes, while Charles Daniels, and Daniel Parrish, halfbacks, each tucked in six each.

The conference record is: Lake Shore 4-0, 3-1-0, Kennedy 2-2-0, Roosevelt 1-3-0, Carver 0-4-0.

Coast Irvin feels that he has replacements for the four graduating who will develop as satisfactory.

At your 1966 Buick dealers today.

What makes a car is styling, performance, handling and ride. Only when they're all tuned together is the car a Buick. You know how well a car's engine runs after a tune-up? Buick tuning has the same effect on the whole car. Not just the engine. The whole Buick. Every Buick. This is the Skylark Gran Sport. Like every Buick this year, it comes equipped with a lot of safety features that used to be considered extras: Back-up lights; 2-speed electric wipers; windshield washers; padded dash; padded sun visors; shatter-resistant rearview mirror; outside mirror; and front and rear seat belts (which, because we like Buick owners to come back for more Buicks, we sure wish you'd buckle.)

Coach Attributes Teamwork As Key To Successful Season

"A Job Well Done"

"I feel I enjoyed this foot ball season more than any other here at Belle Glade High School," Coach Bill Burke summarized. "Not only that we had a good group of athletes to work with, but because the boys were so easy to work with. We had good attendance all season and these boys had the best overall attitude of any team that I have coached."

"There were no superstars on this team, but rather a combined team effort that led to the success of this season. I feel the seniors of this team should be

given a great amount of credit for the success achieved, because of the example they set, and the leadership ability that they displayed."

"We began our season feeling that we had a well balanced offense. There were a number of question marks as far as our defense was concerned. We had to play a number of boys on defense at positions that they had never played. These boys responded well to their new positions and this was a key to our success. We had injuries, but we had boys who moved up and 'done the job'."

With a few breaks and "had the ball bounced the other way, the Rams could have well had an undefeated season. Rather than mentioning individuals on this team, we should say to the team as a whole "A Job Well Done," the coach concluded.

Season Statistics:
Total yardage gained by Belle Glade — 2,673.
Total yardage gained by Opponents — 1,294.
Total Points scored by Belle Glade — 212
Total Points scored by Opponents — 61.

"I was very impressed with the aggressiveness & hustle of the Golden Rams, and that they were very well coached," All-American football player "Crazy Legs" Hirsch, a spectator for the Glades final game, commented.

Asked what advice he would give high school players, he stated: "You have to give over 100 percent, listen to your coach . . . just give your all-out effort."

Mr. James H. Burris, general manager of both professional team and Denver Bears, who signed Butch, would not make any comment on the financial arrangement made, but did explain "We paid one of the highest bonuses given by the Denver organization." The bonus contract is believed to be in the neighborhood of \$50,000.

Indications are Coach Mae Speedie will use Butch

as a defensive end. Mr. Burris stated "We consider Davis as one of the finest football players in America."

Butch, a 6-4, 250 pound tackle for the Uni. of Wichita, commented "I signed with Denver because I think I will have a chance to break into their starting line-up within the next year or two." Butch plans to be married to a co-ed at the school he now attends on Jan. 29. The bride-to-be is Mary Miksch, a junior at the school and a local resident of Wichita.

A Group Of Football Pros See Game

By Norma Burkett
Mr. Hirsch, assistant to the president of the Los Angeles Rams, and former All-American football player attended the Belle Glade-Pahokee game Wednesday night with the Davis's, and stated that he was "very impressed with the aggressiveness, and hustle of the Golden Rams," and that they were "very well coached."

Mr. Hirsch was the honored guest of a party given by the Davis's after the game, and was also their Thanksgiving Dinner Guest.

Hirsch, who made a motion picture titled after his name, was born in Wausau, Wis., and raised there. When asked when he first became interested in football he replied: "In my first year of high school, I only had the weight of 125 lbs., and was not at all interested until I gained 40 lbs. my sophomore year. Mr. Hirsch met his wife while attending high school and they have been married 20 years, have two children, a boy 16 and a daughter 8 years. Their home is presently in Van Nuys, Calif. Mr. Hirsch attended the Univ. of Wisconsin for two years, when military service interrupted his schooling for three years, and he finished up at the Univ. of Michigan. He graduated in 1951.

Hirsch played pro-ball for 12 years before retiring after the 1957 season. His first 3 years were played with the Chicago Rockets of the All-American league. While with them he played the position of Half-back, and suffered a "sever head injury." He was purchased by the Rams in 1959, and Shaugheeny, Coach of the Rams shifted him to the position of end, to use his exceptional pass receiving ability to its fullest extent.

When Mr. Hirsch was asked about his greatest thrill during his football career, his reply was "The First All-Star Professional game in 1946. It was such a thrill to come out on a darkened field, and to see the American flag waving in all. Her glory at the other end." He stated there was another time also which was "1951 when the Los Angeles Rams were the World's Professional Champions."

Mr. Hirsch was recently elected to the Football Hall of Fame, located in Milwaukee, Wis. Another member is Don Hutson, from Alamo, who was regarded as the best receiver of all time by the "Official History of the NFL," a book published by the Rendon House. The hall of Fame members are elected by a board of 45 members, consisting of coaches, and officials. A bust of plaque is placed in the Hall along with the history of the players.

The final "Cincher" was his reply about the Glades. He was very impressed by the "friendly people, which is something unusual in a small town, and the WARM WATERS of the Lake." He said planned to come in February to fish. Wait until the California Chamber of Commerce hears about this!

Mail Xmas Cards To Vietnam Now

Christmas gifts and cards for servicemen in Viet Nam must be mailed by December 1 for guaranteed delivery by Christmas Day. Postmaster Rosa A. Nash announced today.

Mrs. Nash joined Postmaster General Lawrence F. O'Brien in calling on the public to send all remaining holiday mail to Viet Nam now and she emphasized that no firm assurance of delivery in time for Christmas can be given for parcels and greetings dispatched later than the first day of December.

The local Postmaster said she had been advised by Postmaster General that a response "beyond all expectations" to the President's appeal for Christmas packages and communications to American fighting men in Viet Nam has resulted in the Post Office Department receiving more than 130,000 pounds of such mail daily and that total is increasing by thousands of pounds daily.

The Postmaster General has announced that December 1 is the final mailing date for which we can give any firm assurance of delivery. Postmaster Nash said, "If mail is deposited beyond that date, Mr. O'Brien promises the Post Office Department will make every possible effort to have it available at the San Francisco military dispatch point in time for delivery on Christmas, but he stresses the fact that we cannot offer any assurances at all beyond December 5."

The recommended December 1 deadline applies to all mail for servicemen in Viet Nam. Even if it is sent as air mail, Postmaster Nash explained, the critical factor is air space from the West Coast to Viet Nam and it must reach San Francisco in time to allow adequate time to arrange air transport across the Pacific.

For servicemen in other areas overseas, the surface letter and parcel deadline has passed, but the previously-announced deadline of December 1 to 10 for air mail still prevails, Postmaster Nash pointed out.

Cattle Grade Changes

The U. S. Department of Agriculture has proposed a revision in the official grade of slaughter cattle to make them correspond directly to grades of beef carcasses which were revised June 1.

The proposed revision will reflect changes made in the marketing-maturity relationships in the quality grade standards for beef carcasses in the Prime, Choice, Good, and Standard grades. It will reflect adoption of yield grade standards which became effective June 1 to indicate the amount of usable meat in each carcass.

Dr. Forsee R. Wedgworth Honored

A. F. Mathis, production manager with the Haines City Citrus Growers Association, was named president of the Florida State Horticultural Society at its annual banquet.

Honorary membership were awarded in the society to Ruth S. Wedgworth, Belle Glade; Warren O. Johnson, Lakeland; and John Henry Logan, Tampa.

B. G.'s Beautification Program Progresses

Banks of Canal — West from Fifth Street. The City Parks Department has kept these banks trimmed until a trashy area has become a pleasant site.

Political Expediency!

Political expediency as a film of lubrication for the asel of Statesmanship, should be free of detergents explosives and abrasives — enemies of integrity.

Pursuit of print, auditory and visual interest in air-wave news media leavened by decades of experience with the public conscience us that 90 percent of the American Public is patriotic, remain within the realms of average honesty, smile at the beatniks, grow impatient with the theoretical do-gooders, BUT are embarrassed, chagrined, angered and disgusted with those who participated in the March on Washington opposing military action in Viet Nam.

Only a pussy-footing control, with political expediency as the guide, allows the spectacle at Washington to

be broadcast throughout the world, for gloating by fellow travellers and treasonists.

Holding the Bible in the left hand while vocalizing the "rights" of minorities doesn't excuse a politician's lack of action, and most of the time, NON-compliance with his public mouthings, and his public voting in the Halls of Legislative action.

When the American People demand that the legislation disassociate itself, individually, from the herd which follows the Head Ram ONLY, and return to the hard work common sense, forthrightness and thinking that originally brought them to the high plane of public consideration, then we will return to the Democracy which brought us (the United States) to the high point of world envy.

Uncle Dan From Doolie Says:

DEAR MISTER EDITOR:

I see by the papers where news isn't the only thing that was leaking out of the Pentagon. The Army Recreation Office, that gets the profits from the 16 eating places in the Pentagon, has come out with some figures that should get a member in good standing in the Pickpockets Association of America.

They report that in the last 12 months 10,000 trays, 2,000 salt and pepper shakers, and 1,200 sugar bowls has been carried off by Government workers eating at their places. Furthermore, they report workers was carrying off knives, forks and spoons faster than they could get 'em replaced. They was appealing to the 27,000 military and civilian workers that eats there to stop taking everything in the building that wasn't hot or riveted down.

Personal, Mister Editor, I ain't got much hope that things will get any better in this matter. When folks goes to work in one of them Government agencies in Washington they catch some kind of disease that makes 'em think money grows on trees.

I was reading in the papers yesterday where one of them Washington column writers allowed as how Washington was the headache capital of the world. He give some figures released by the drug industry showing that four Government agencies in Washington bought 272,703,000 aspirins last year.

And the taxpayers was beginning to come down with a headache. So, I bought a box of aspirins from a St. Louis University has been awarded a \$63,600 grant by the National Science Foundation to make a three-year study to find out why birds sing. When I got done reading that piece I went up to the country store and bought myself a box of aspirins.

Incidentally, the feller that runs the store said aspirins was getting to be one of his best sellers, reported he was taking one

hisselt ever once in a while. Fer instant, he said, he had to take a couple the other day when he saw where the U. S. Department of Agriculture had some folks working on an experiment to take the odor out of the onion. He figgered the experiment wouldn't cost more'n \$50,000 and he wasn't worrying none about the money, but he claimed eating an onion that didn't smell like an onion would be about like washing your feet with your socks on.

But, Mister Editor, I reckon things could be worse. The Russians has owned up they ain't gitting any closer to the moon, mobs in one of them foreign countries burnt down the Communist headquarters while singing "Long Live America," and General De Gaulle has admitted he ain't God. And to top off the good news, them Congressmen has final got home.

Yours truly,
Uncle Dan

Who Is Better?

BELLE GLADE, FLORIDA is the geographical and business activity CENTER of the 760,000-acre Agricultural Area on the east and southern shores of Lake Okechobee, which produces annually vegetables, beef and sugar of approximately \$100 million in value.

Celery, sweet corn, radish and leafy items provide major quantity of the more than two dozen varieties of winter vegetables shipped in more than 30,000 car-tons annually, with a payroll of \$20 million.

Immediately adjacent to or centered around Belle Glade are five of the nine sugar mills active in the Glades. These five mills will not use their capacities during the 65-86 harvest when they anticipate producing \$23 1/4 million in sugar with a payroll of approximately \$9.5 million.

Sod for the lawns and golf courses of Florida and other southern states account for \$2 million-plus annually, with a payroll running into the hundreds of thousands.

The beef cattle industry of the Glades is undergoing a rejuvenation with the already operating Big B Ranch, which includes the famous King Ranch of Texas, and a 30,000-head herd for the production of a Florida strain of America's only native beef animal — Santa Gertrudis; and the establishment of a 6,000 head herd by the Duda Cooperative. The \$10 million annual beef animal sales are anticipated to be a reality very shortly.

The Florida Recreation Commission has adopted the 2,000-acre Lake Okechobee Recreation Center in its statewide plan, and a \$70,000 addition and improvement project is under way at the Belle Glade Marina where more than 100 campers are enjoying the water skiing, boating, swimming and fishing available today (Dec. 1st, 1965), with more spaces available.

The Hoover Dike around Lake Okechobee is over-passed by the public roadway to the Recreation Center.

Twenty-seven churches afford religious activity for citizens and visitors.

Two high schools and six elementary schools serve more than 5,000 pupils. Belle Glade High and Lake Shore High each is the champion for the '65 season of their respective conferences in football.

A 115-bed modern hospital is in operation at Belle Glade.

Civic and fraternal organizations are active in the area.

Belle Glade's annual average temperature of 74 degrees and rainfall of 57 inches makes the climate enjoyable for the inhabitants and attractive to the visitor.

THE ROAD TO CENTRALISM

Since the new Department of Housing and Urban Affairs will be headed by a Secretary with Cabinet status, it might be well to speculate on the long-range effect on federal-state-local relations.

Will this action, along with the mandatory reapportionment of state and national legislative districts, help silence the voices of the small towns and rural areas in state and national legislatures? Will this move increasingly solidify federal intervention into problems once considered the sole province of city and state?

Only time will tell. However, it does seem that the quickest way to solve local problems, to create homes of dignity and neighborhoods of pride, would be to give the cities tax sources now preempted by the federal government and let them solve their own problems.

It is ludicrous even to assume, that a Washington bureaucrat is in a better position to judge what is good for the local community—today and tomorrow—than astute leading citizens of the community.

However, because it is sometimes difficult to obtain the necessary finances locally for community betterment, the temptation to run down to Washington for the funds seems to be the easy way out, even though the community many times loses control of civic projects in the process.

The fallacy of permitting more and more control of government to be centralized in Washington will become clearer in the days ahead. It is hoped that this community will weigh carefully the consequences, and will decide accordingly.

Band Goes To State

Out of fifteen bands, eleven bands from district eight made superior at the Belle Glade football field on November 20. These bands were: Belle Glade, Stuart or Martin County, Jupiter, Forest Hill, Port Pierce, Palm Beach, Lake Worth, and Seacrest.

All bands find it hard to make superior at district because every possible point is checked.

First, there is a strict inspection of the band. Days of preparation is a must. Uniforms must be cleaned, shoes polished, and instruments are cleaned and polished both inside and out.

During the contest, the band performs on the field a performance which might be used as a halftime show at a football game. The time of the performance is limited and is an important factor in the final marks made by the judges.

State contests are held each Spring in cities such as Miami and Tampa. This year the state contest will be held in St. Petersburg. A band must hold two superiors to qualify for state contest. One superior is given at the district contest.

The judges give three grades. These grades are superior (first), excellent (second), and good (third).

F. H. A. Plans Christmas Party

The Future Homemakers of America held their monthly meeting at the cafeteria.

Karen Dexter presided over the meeting because of the absence of Sherri Burgess president. Karen discussed their profit from the Saddle Hawkins dance and future programs concerning the Christmas party for unfortunate children.

A Parliamentary Procedure program was presented by the Future Farmers of America. These boys were Ronald Shirley, Don Campbell, Duane Stokes, Mike Wilson and Wayne Partain. Sponsors of the club are Mrs. Litchfield, Mr. Goza, and Mr. Lovell.

Refreshments were served after the meeting adjourned by Diane Silver, Diane Willis and Barbara Warren.

D. C. T. Attends District

Thirty-two D. C. T. students and their coordinators, Mr. Joe Hayes and Mr. Bert Ward attended the district meeting in Vero Beach last week. The students and their sponsors traveled in cars to Vero Beach High School where the meeting was held.

D. C. T. Clubs in district eight were welcomed by the mayor of Vero Beach, the Indian River County School Superintendent, and Florida State Senator, Merrill P. Barber. At the meeting the twenty-two clubs elected district officers. Lunch was enjoyed in the cafeteria.

The D. C. T. students were highly impressed by the well planned and organized procedure that was followed throughout the meeting.

Para Medics Para Wash and Bake Sale

The Para Medics Club held a car wash and a bake sale November 20. The purpose of this was to raise money for that state convention. The car wash was held at the Bank of Belle Glade and the bake sale at Kwik Check and B&B Supermarket.

Science Club Reports Successful Dance

The Belle Glade High School gym was the scene of the biggest dance of the year for students and their guests following the traditional Belle Glade-Pahokee football game.

The "come as you are" dance attracted some 200 people on Thanksgiving Eve. Special attractions were the Chevelles. The profit was estimated to be over \$200 which will go to the treasury of the Science Club. The dance was from 10 to 12 p.m. The decorations were simply but well arranged. A lot of hard work made the dance a success.

Chaperones were Mr. and Mrs. Gordon Corbin, Mr. Sanders and Mr. Alderman.

Rams Capture Conference Title

The Golden Rams topped the Pahokee Blue Devils 14-7 last Wednesday, November 24, capturing the Western Coast Conference Western title. The Rams also retained the Bill Young Memorial Trophy for the 14th time.

In the first quarter Tony Latour dashed 17 yards round left end for the first touchdown. Ray Sullivan's extra point kick was perfect to make the score 7-0. Pahokee's Pell in the second quarter drove from the one yard line in the end zone and Jerry Peacock's conversion tied the score 7-7.

In final quarter Latour streaked 28 yards to the 7 yard line. The play Gary Walker charged for the winning touchdown. The snap from center on the extra point try was high and Latour's kick was set to hold ball for the kick grabbed the ball and circled left into the end zone making the score 14-7.

Mickey McGahoe intercepting Pell's pass stopping Pahokee's final drive. The Rams ate up the remaining minutes before the gun sounded.

This was the last game for the seniors in which they all will remember. The only injury occurred in the first quarter when Jimmy Jackson, first-string center re-injured his knee.

Jeanne Dixon Predicts

One class discussed Jeanne Dixon's book, THE GIFT OF PROPHECY. These papers are the result of the discussion.

Jeanne Dixon by Mike Shiver

Can a modern day person be a "prophet" and I shall use the term loosely. If there were prophets in the older times why can't there be modern day prophets. Our God is the same and he sent visions to people then why not now?

But I, myself cannot say whether she is a mystic or not. I cannot pass judgment on someone I do not know. But she is the only one who knows the truth. All evidence seems to point out that she doesn't use her powers for mercenary reasons, so who knows, only Mrs. Dixon knows the truth.

Jeanne Dixon by Madeline McDaniels

I have rather mixed feelings about Mrs. Dixon and her mystic powers. It seems improbable that anyone could correctly predict so many world events as she has without some kind of supernatural power.

With the number of articles written about Mrs. Dixon, there should be little doubt of her "special powers." I feel that her name should never have reached the newspaper and other forms of mass media without some proof of the statements.

Mrs. Dixon says that her power is given to her by God. This statement of mine of my mixed feelings. I cannot comprehend the position that God would give this power through some of the methods which she used. The statements of the ball and the palm reader. These things are associated with gypsies and are certainly not thought of as religious.

Hands

by Randy Miller. Hands, such lovely hands. Big hands, little hands, beautiful hands!

How I love those hands. Over there are my father's hands.

And here are my mother's hands. And my sister's hands. And my brother's hands.

I have many hands: hands of policemen, Hands of doctors.

I even have my best friend's hands. Oh, such beautiful hands. Hands are so useful. They build things, they destroy things.

They help us get. Without our hands, what would we be? These are my hands. They are not useful: they just lie there and look beautiful.

Oh, such lovely hands. Today I cut off a little. They looked so lovely. I just had to have her.

Wait! Are the hands moving? No, just my imagination. I must rest! I've had such a hard day.

I felt something cold around my neck. It felt like hands! No. No. No. Such beautiful hands.

Super-Sloppy

The super-sloppy type reveals his attitude in his scuffed and unpolished wrinkled shirt, unkempt hair, and general "I-don't-care" appearance.

This kind of student hearkens back to the Elizabethan motto: "Wash your hands often, your face seldom and your head never!" This rule was popular at a time when disease was rampant and it was known that water often made people ill. Today, however, we enjoy modern plumbing facilities, and it would appear that this type still lives by Elizabethan notions.

The super-sloppy student type, in his very manner and dress, exhibits indifference to those around him. But this apparent indifference is to what others think might be understood as a lack of respect and confidence and a fear of not measuring up to the other students.

In order to change, he needs a new self-image based on an understanding of his abilities and what he is capable of offering to the other members of his class.

If the super-sloppy type can mature through knowledge and an understanding of his abilities and potentialities, he will be able to admit to himself that he does care what others think. And he will be able to act, dress and wash accordingly.

No body demands that he come to school in his Sunday best. But he should not enter class in his fun-day worst either.

Those Were The Good Old Days

By Charles Nicks. Cannibals are munching, A missionary luncheon. Those were the good old days!!!

The day the stock market crashed.

So many wars were slashed. Oh, for those good old days.

When the Indians ran wild. And scalpin' was the style. Those were the bloody days.

Remember that glorious morn. Jack the Ripper was born. Back in the good old days.

Men started cryin'. When they were fed to the lion. Weren't those the good old days?

Oh, for some of that panic. That was on the Titanic. Back in those golden days.

When sent to camp. You were turned into a lamp. Three beers for the good old days.

Wasn't it great to learn. That Chicago had burned. Back in the good old days?

Gozaron mucho el buen rato, cantando acompañados por la guitarra del Sr. Roberto Mas.

La Iglesia Católica St. Philip Benizi de Belle Glade y St. Mary Mission de Pahokee, tienen registrado en este ultimo año una población Católica de 1,586 personas, que hacen un total

de Música de los muchachos y muchachas del High School, hasta los campos del Colegio, donde forma una enorme hoguera o "bon-fire" que ayudaba a calentar en esa noche fría.

En el campo bello, donde formaban las cheer-leaders dando sus gritos para animar a los jugadores. Y las majorettes con sus bañones encendidos, las luces del parque apagadas, viéndose no mas las evoluciones del fuego en la oscuridad. Todo esto acompañado por las marchas tan bien practicadas de la Banda de Música.

El juego fue muy lleno de emoción. Muchas familias americanas y cubanas que tenían sus muchachos en los teams de football, festejaron esa noche en sus hogares y en el Colegio.

Los próximos días de vacaciones comenzarán Diciembre 17, serán despedidos los muchachos de los Colegios para las próximas vacaciones de Pascuas, o Christmas Holidays.
